ELIS SEIS Congressional Staff Briefing 8-6-15.pptx

Thanks, Mike. Are you or Meghan, or both of you, planning to be on our congressional briefing call tomorrow from 2-3:30? Attached is the powerpoint we presented last week at the congressional staff briefing in DC; can you or Meghan cover the couple of DMMP slides that are about one-third of the way into the presentation? Would you like to add another slide or two? We can discuss anytime today if you're available. Thanks.

Subject: LIS DMMP

Folks,

Hope that everyone is having a pleasant summer. Today would be the day that we normally would have one of our monthly PDT conference calls. However, based on the current situation it is easier to just provide you an update on activities. The ATR reviews for the DMMP and the PEIS have been completed. We are making revisions to the documents as needed based on the comments that we received. We are confident that the Draft DMMP/PEIS documents will be released as scheduled on 17 August.

A Public Notice announcing the release of the Draft documents was issued on the 23rd of July. The public review period will run from 17 August to 18 September. The Public Notice also provides information on the date, time and location of the public hearings that have been scheduled. We have already seen clips from various newspapers that published information on the public hearings. I attached a copy of the Public Notice for your information.

Hope to see some of you at the public hearings.

Mike
